

All players receive 6 years of NIRSA Championship Series eligibility. Each year that a player appears on a collegiate roster reduces their number of eligible NIRSA Championship Series competition event years by one. Thus, for example, a player with 2 years on a collegiate roster would have 4 years of NIRSA Championship Series eligibility remaining.

* Former varsity players with 4 or 5 years on a varsity roster must sit out a full academic year before being eligible to participate in NIRSA competition.
