

All players receive 6 years of Tennis on Campus eligibility. Each year that a player appears on a collegiate roster reduces their number of eligible Tennis on Campus competition event years by one. Thus, for example, a player with 2 years on a collegiate roster would have 4 years of Tennis on Campus eligibility remaining.
 * Former varsity players with 4 or 5 years on a varsity roster must sit out a full academic year before being eligible to participate in TOC competition.

For the purposes of the May 1 deadline, this includes participation in any tournament that begins on or after May 1 (not the actual match date).
 * For 2025 Tennis on Campus Nationals, this date is May 1, 2024.
